

# ePNBillPay

## Online Bill Payment Solution

ePNBillPay by eProcessing Network allows your merchants to manage their accounts receivable, email invoices to customers, and receive electronic payments – all without a web site or expensive accounting software!

### Merchant Benefits

- Eliminate expensive invoice management systems
- Reduce invoicing costs by avoiding paper invoices  
No need to print, address, and stamp envelopes
- Receive customer payments faster
- Decrease “Bad Check” expenses and late payments
- Automate inventory management with ePNInventory
- Securely store all data on ePN’s PCI™ compliant gateway

### Highlights

- Create and Manage invoices through ePN’s Merchant Support Center
- Set due dates, manage product, and record PO numbers
- Customize invoices with merchant’s own logo
- Email all or selected invoices to customers
- Receive instant notification when an invoice has been paid
